To Commissioner Indian Affairs,

Washington D.C.

The hot summer months have come hard upon little folks compelled to remain at School. I desire to give them outing in mountains before School opens. A boarding house partly furnished and dwelling house suitable for accommodation nominal rent at Pine Grove 500 feet above us, 19 miles away, reached by rail. Would send about a hundred. I request authority at once to expend \$100 in rail-road fares, transporting supplies and rent of buildings.

Pratt,

Major and sup't.
