INDIAN SCHOOL SERVICE,

Carlisle, Pa., Aug. 26, 1898.

The Honorable,
The Commissioner of Indian Affairs,
Washington, D. C.

Sir:

In connection with their other work it is desirable to give to several of our capable students who look to clerical positions for support, regular training in advanced Book-keeping, Shorthand and Type-writing. We have in the school regularly, enough to make a good class, and can set apart a portion of each day for such training without detriment to their other work. I therefore shall establish such a class, and request authority to purchase three No. 2 Smith Premier type-writers at not to exceed \$70 each, in all \$210.00. I may state that this is their best machine, and the special price to schools. I can use one of my people as teacher for the present.

Very respectfully,

Maj. 1st Cavy, Supt.
