Incl. No. 7

# United States Senate,

COMMITTEE ON MANUFACTURES.

Washington, D. C., February 9, 1903.

Hon. W. A. Jones,

Commissioner of Indian Affairs.

Dear Sir:

I hand you herewith affidavits and letters concerning the matter of one Mary Ladouceur. It seems that this girl was taken from her parents and placed in the Carlisle Indian school against the wishes of her father, who, from the affidavits enclosed, is considered a person of good moral character, who is both willing and able to take care of his daughter and furnish her with a suitable education.

Under the circumstances I would appreciate it if you would order an inquiry to be made and this girl to be sent to her home.

Yours very truly
