Washington, D.C., December 26, 1903.

Superintendent of Industrial School,
Carlisle, Penna.

Sir:-

I am the step-father and guardian of Marian Whiles, and of Earl Sweeney who are enrolled upon your rolls as students from the Osage Nation, Oklahoma. I am a white man and these boys have little Indian blood. I am perfectly able to school them in white schools and if you can find it consistent with your rules to discharge them, I shall take pleasure in seeing that they are immediately placed in a good school and are kept there until well equipped for life.

Respectfully,

Charles Gemmings
