To the Honorable,
The Commissioner of Indian Affairs,
Washington, D. C.

Sir :

The enclosed letter from Miss Nellie H. Peters, a graduate of Carlisle in the class of 1901, explains itself. Miss Peters while at Carlisle was a very satisfactory student, and I think her worthy of trial in the position she seeks.

Very respectfully,

Col. & Supt.

Dear Sir:-

I want to ask your advice about trying to get a position as teacher of a day school. They are trying to get the teacher out of the day school here on the Reservation. And I would like to know if it would be right for me to try and get the school. I would hate to have a cook, because they give the students a dinner every day, but I could easily get a cook. I would get Bessie to do the cooking for me. I would like to get the school and teach at least until June 30th, then that would enable me to seek another position.

some where else this coming Sept.

Would you please help in getting the school for me. We are both Carlisle students and probably by seeking your advice we might be able to get the school. It is the Stockbridge Day School that I would like to get. My youngest sister attends the school and I have been looking over her books, the studies are common works.

Please inform me of what can be done towards getting the school.

Respectfully
Nellie H. Peters
