## REMARKS.

1. Applications for leave of absence must have the agent's and the superintendent's recommendation indorsed thereon, and if favorable it will be presumed that the application has been carefully considered and that the employee can be spared without additional expense to the Government.
2. Day school and temporary employees are not allowed leaves of absence with pay.
3. Where positions are abolished and the employees transferred to take effect before the beginning of annual leave previously granted, such leave is canceled. Applications can be renewed, however, after the employees have reported at their new post of duty.
4. All positions and salaries in the school service terminate June 30 each year. Should any position not be authorized for the ensuing fiscal year, the incumbent of such position is of course relieved from duty June 30, and has no claim against the Government for leave of absence or remuneration after that period.
5. Leaves granted to employees in advance of the receipt of information as to what positions will be authorized during the next fiscal year are subject to the explicit understanding that should the services of such employee terminate prior to the expiration of such leave, the leave will expire with the termination of service.
6. Sundays and days declared to be public holidays by law or executive order will not be charged when included in annual leave with pay, but will be charged in all other leaves.
7. Employees on leave with pay are not permitted to hire substitutes.
8. Applications for summer leaves must be forwarded not later than June 15.
