Department of the Interior,
INDIAN SCHOOL SERVICE,

Carlisle, Pa.,

July 19, 1905.

Major W.A. Mercer.

Superintendent Indian Industrial School,
Carlisle. Pa.

Dear Sir:

I respectfully request that you recommend me to be transferred from my present position as teacher to a clerical position in the general service under the Department of the Interior.

I have no knowledge of stenography but have done considerable work with the typewriter.

Respectfully,

Margaret Roberts.

Respectfully forwarded to the Commissioner of Indian Affairs with the information that Miss Roberts has been transferred by your Office to the Cherokee school, N. C., which transfer she has accepted, but desires, if possible, to obtain a transfer to a clerical position in some one of the bureaus of the Department. I believe that she would make a very competent clerk and recommend that she be so transferred if her services can at any time be utilized to advantage in a clerical capacity.

M.A. Mercer.
Major 11th Cavalry,
Superintendent.
