Major:

I herewith hand you
Maj. Mercers letter outlining
his military plan for
Carlisle. It seems from
this letter that the Com^d
has taken the matter
over with the Major, and
therefore if he will
outline what character
of report shall be made
to the Secty, I will pre-
pare it. The plan, on
paper, looks all right,
but I have not studied
it, as the Com^d probably
has.
