OFFICE OF SUPERINTENDENT.

CARLISLE, PA

Sept. 26, 1906.

Hon. F. E. Leupp,
Commissioner of Indian Affairs,
Washington, D. C.

My dear Commissioner:

I am beginning to get worried about the delay in getting out plans and specifications for the hospital. I had hoped that we could have them out and been at work long before this and, at the farthest that they would be out in time for the walls and roof to be completed before the cold weather and snow comes so that the interior work can go on all through the winter. Unless this is accomplished I can hardly see the finish of the building by the end of the fiscal year. If it is convenient for you to do so, will you kindly have the plans and specifications hurried up. As I understand the arrangement is for your Office to advertise for bids and make the contracts down there I suppose I may not learn of the completion of the plans and specifications unless I am specially notified as a matter of information.

Sincerely yours,

Major 11th Cavalry,

Superintendent.
