FOR FILE

My dear Mr. Friedman:

Referring to your request of recent date for a list of the changes in the Indian Service for printing in The Craftsman, I have to inform you that the condition of the work in the Office is such at this time that it is not at all practicable to make up a list of these changes in this Office. I am therefore sending you herewith the Office copy of the reports of changes in the various Indian schools in the Service for the months of April, May and June. From these reports your printer should be able to procure the changes which have been made with almost as little difficulty and delay as he would experience in setting up the changes from a prepared list.

As it is the wish of the Office to furnish similar data to other Service publications, I am going to ask you to be good enough to send me a half-dozen or more proofs of the lists when you shall have had them prepared.

Please return the inclosed reports as soon as you finish with them.

They are office copies, so do not allow them to be mutilated
Very respectfully,

(Signed) J. H. Dortch,
