My Friend:

In reply to your letter of September 11, 1918, you are advised that Carlisle School has been turned over to the War Department to be used as a hospital and school for the re-education of the crippled soldiers on their return to the United States.

Haskell is to be continued as usual this year.

Your friend,

Dear friend,

I just received

the Carlisle Red Man a few days ago and was certainly glad to get it. I suppose Carlisle is turned over to the War Dept by this time.

Of course that would stop the printing of the Arrow to Red Man but at the same time I am very anxious to know how true it is as I attend the same for eight years and am very much interested as to the outcome

E. S. C.

I have been over here now for two months. I am well and getting along fine. I would like very much to

know if Rachel is going to run  
this coming winter and have  
just a few soldiers at that  
institution. Wishing you the  
best of health with best regards

I am your friend
