Condemnation of property. Carlisle, Pa., April 14, 1908.

The Commissioner  
of Indian Affairs,  
Washington.

Sir:-

I respectfully request that, whenever convenient, an inspecting official be sent to this school to act upon a large amount of unserviceable property which has accumulated during the last two years. The last condemnation proceedings which were held at this school were in charge of Special Agent Olive, in December, 1906. Since then, a very large amount of property has accumulated which should be taken off of our property returns. The Quartermaster has made a careful list of this property and it is conveniently arranged for condemnation awaiting the arrival of an inspecting official from your Office.

Very respectfully,
