United States Indian School,
Carlisle, Pennsylvania,

March 21, 1914.

Honorable Cato Sells,
Commissioner of Indian Affairs,
Washington, D. C.

Sir:

We, the undersigned, have represented the Carlisle Indian School in different branches of athletics for several years. We are lovers of clean athletics and we believe that they are beneficial to young men if they are conducted in the proper manner. We are dissatisfied with the way athletics have been conducted at this Institution and we also are dissatisfied with our present Athletic Director, Mr. Glenn S. Warner; therefore, we petition you for his immediate removal, for the welfare of the school and students, for the following reasons:

1. That, he possesses a weak moral character.
2. That, he continually uses profane and abusive language in the presence of the boys.
3. That, the way in which he performs his duties and the small amount of instruction that he gives the boys are not in proportion to the large salary that he is paid.
4. That, the attitude he has shown towards the school; the influence and methods that he has employed

for the purpose of Mr. Friedman's retention as head of this institution is injurious to the school and detrimental to good discipline among the student body.

5. That, he has proven himself selfish, abolishing branches of athletics that he was not capable of coaching such as base-ball and basket-ball.

6. That, he, in one instance, used the foot-ball team for the purpose of gambling, betting heavily in the Dartmouth-Carlisle game, giving the boys a small percent of the money which he had won.

7. That, he is at the head of the Athletic Association in which the boys are supposed to have a voice, but through his influence and suppression they have been deprived of that privilege.

8. That, he, as the president of the Association, has failed to perform his duty as he allowed the officers of the same organization to use the Association's money for their own enjoyment and for the entertainment of their friends.

9. That, as a result of the foregoing statements, we hold him to be dishonest and we cannot respect him, holding him to be an incompetent leader.
