Dear Madam:-

In answering these letters have to advise that when a new Superintendent is selected, we will take great care to the end that the best obtainable man is selected, and in doing this, will take into consideration all of those who may be suggested, including Doctor Jones.

Hon Cato Lile,
Dear Sir;

I write to request the appointment of Thomas Jessie Jones Ph.D. as the Superintendent of Carlisle Indian School. I know it is an important position & require a competent, reliable man.

It would be difficult to find a man as well qualified for the position as Dr. Jones.

His experience in dealing with the Indian youth at Hampton Institute, his breadth of view, and interest in the development of the Indian race

are all recommendations for his
appointment.

I have met Dr. Jones, and have
heard him spoken of in the highest
terms by all who know him both
red and white.

Again I urge that Dr. Jones may
be appointed Superintendent of Central
School.

Yours truly
Amos Fuller.

I wish to urge the appointment of Thomas Jesse Jones, Jr. as Superintendent of the Carlisle Indian School.

This is an important position and one for which Dr. Jones is eminently qualified.

Since writing the above I was interrupted by a call on the telephone. The party ^{who} called me up is an Indian young man, who has just completed his freshman

year at Dartmouth College. When this
young Indian was in Hampton Institute
Dr. Jones was then as instructor.

I asked him how he thought Dr.
Jones would be for Superintendent of
the Carlisle School. He replied "they
could not get a better man."

Yours truly
Annie Fuller,
