Sir:

Further answering your letter of June 10, 1912, relative to the Carlisle Indian band, I have the honor to advise you that the field officer to whom my former letter referred reports that the band is supported from the receipts of the school, which are known, technically, as "Indian Moneys, Proceeds of Labor, Carlisle School." These funds are not public moneys, but their expenditure is controlled by the Secretary of the Interior acting through this Office.

If your constituent has not yet been able to collect his bill or to receive proper assurances from the Superintendent of the Carlisle School, it is suggested that he submit the matter direct to this Office, and it will be given prompt consideration.

Respectfully,

Dear Sir:-

I have your communication of June twenty-ninth, and regret exceedingly that we have not been able to send you a remittance covering the small bill of supplies which were purchased for our band. I know this matter has been hanging over for some time, but I assure you that the fact that payment has not been made is due to no fault of this office.

It was necessary to obtain authority from the Indian Office in Washington to draw a check, and this request for authority was submitted to the Indian Office under date of March 15, 1912. ^{see 27103-12} For some reason the matter is being held up in Washington. Just as soon as I am in receipt of authority, the check will be drawn at once and the debt liquidated.

Very respectfully,

M. Friedman
Superintendent.

To the Honorable
Commissioner of Indian Affairs,

Sir:

I have your letter of June 14 relative to the finances of the band, and in reply have to report that the band is entirely under the jurisdiction of the Government. The Director of Music is instructor of the band, and all the members are students of the school. All the receipts are taken up as "Miscellaneous Receipts, Class IV," and deposited with the Treasurer, and all bills are paid in an official way by official check from Government funds.

In this connection, I respectfully call attention to my request dated March 15, 1912, for the settlement of some small indebtednesses for the band.

Very respectfully,
M. Friedman
Superintendent.

Mr. Moses Friedman, Superintendent,

Sir:

Please advise at an early date as to how the Carlisle Band is handled financially. Is it an independent organization from the athletic association? Is it, or the athletic association, incorporated, or are they merely associations? Are any funds being expended for the support of the band from Government appropriations, or are its expenses entirely met from its own receipts? Give the names of the parties who handle the funds and pay the bills for the band at the present time.

I have the honor to acknowledge receipt of your letter of June 10, 1912, relative to the Carlisle Indian Band. In response thereto, you are advised that the Office exercises only a supervisory jurisdiction over the said band, and that it is not supported directly by Government funds.

I am not quite sure whether the band at the present time is a part of the Carlisle Athletic Association, or whether it is an independent body, but I am calling for a full report from a field officer as to its organization and management, and will advise you further as soon as his reply is received.

Respectfully,

FILED BY G. P. F.

Dear Mr. Valentine:

Will you please advise me what jurisdiction, if any, the United States Government through the Indian Affairs Office has over the "United States Carlisle Indian Band" at Carlisle, Pennsylvania.

I am in receipt of information to the effect that a prominent citizen of my District supplied the Conductor of said Band with certain goods, for which the Conductor agreed to promptly remit check; that up to this time he has failed to receive the money; that recently he wrote the Conductor a letter requesting payment and in reply received a very insulting communication.

My constituent has written me confidentially in regard to this matter, so you will oblige me by treating this in the same way. My object in writing is not to ask you to take any action hereon at this time, but to

ask that you ascertain for me who is responsible for this obligation, whether there is a fund belonging to the Government out of which it may be paid, or whether it will probably be paid out of private funds.

If you will advise me how my constituent may proceed to collect his money I shall appreciate it.

Thanking you for an early reply, I am,

Very truly yours,
