106988/1914

Sir:-

Receipt is acknowledged of your telegram of October 5, 1914, requesting to be advised as to the status of certain authorities payable from 1914 funds "needed to complete your quarterly accounts."

You requested to be advised by wire whether these authorities have been approved.

Some of the requests in question were returned to you in order to ascertain whether proper advertising was made in connection therewith, which information should have accompanied your requests.

In this connection the Office deems it pertinent to say that a letter would have answered the same purpose as a telegram. A letter mailed at Carlisle on October 5, for instance, should reach the Office on the following day, in time for prompt action. The Office is of the opinion that a letter

would almost answer every requirement in connection with your school, in view of the short distance from Carlisle to Washington.

While the Office believes that the requests made by you have not been handled in one way or another, it is deemed best that you should submit a list of the requests to which your telegram of the fifth instant refers, giving sufficient description thereof for the purpose of identification.

Respectfully,

(Signed) E. B. Meritt  
Assistant Commissioner.
