Dear Mr. Valentine:

I shall conclude my work here by tomorrow night or early Wednesday and visit the Commissioner for my report on the financial affairs here goes forward tomorrow. I am working on the property now and will be far enough advanced by tomorrow to get a pretty good idea of how it stands. If possible allow me to go via Washington on my trip west after leaving here I want to pick up my trunk. If however, my request is liable to interfere with your plans as laid out for me, their disregard it. There are a few things existing here which I would like to talk to
