Supervisor in Charge, Carlisle School.

My dear Mr. Lipps:

In response to your letter of January 4, 1914, saying that the Pennsylvania Railroad Company desires to acquire seven one-thousandths of an acre of the land forming a part of the Carlisle Indian School Farm No. 1, in order that it may widen its right of way, you are advised that the Department has no authority of law to sell this land, and legislation will be necessary.

Please so advise the Railroad Company and present a definite description of the strip of land which the Company wishes to obtain.

Very truly yours,

(Signed) C. F. Hauke

1-HJS-8.

Second Assistant Commissioner.

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN SCHOOL
CARLISLE, PA.

January 4, 1915.

The Honorable
Commissioner of Indian Affairs,
Washington, D. C.

FILED BY C. P. F.

Sir:

The Pennsylvania Railroad Company desires to acquire seven one-thousandths of an acre of the Carlisle Indian School farm No. 1, in order that they may widen their right of way for the purpose of constructing an overhead bridge over their tracks near the school. I believe this farm was purchased by General Pratt and afterwards deeded to the school. Please advise me what legal steps will be necessary for the Pennsylvania Railroad Company to take in order to acquire this small strip of land.

Very respectfully,

OHL:SR

C. H. Lippe
Supervisor in Charge.
