My dear Sir:

I transmit below a copy of the report  
that came to me this morning from our Visiting School  
Physician in regard to Mollie Mantell's condition:

"Mollie Mantell, who was operated  
on for appendicitis January 7th, is  
progressing finely, and if progress  
continues, as indications are that it  
will, she will be out of bed in ten  
days".

My dear Sir:

This is to inform you that Mollie Mantell, who is enrolled here from your jurisdiction, was operated on yesterday for appendicitis. The report I copy below was submitted me this morning by our resident physician:

"Mollie Mantell was operated upon for appendicitis yesterday. The operation was very satisfactory, with temperature and pulse normal today".

Very respectfully,

*M. Friedman*
