Mr. Warner Thompson,
Wycombe, Pennsylvania.

My dear Mr. Thompson:

I learn with regret of the decease of Miss Annie S. Ely, for many years in charge of the Outing System at the Carlisle Indian School.

Her record is such as to call for an expression of appreciation from this Office. For nearly thirty years she quietly and with wonderful tact executed the duties of one of the most important offices in the Indian School Service. I desire that her many friends shall know the high appreciation in which her services are held by myself and associates.

Sincerely yours,

(Signed) Cato Selis
Commissioner
