My dear Mr. Lipps:

FILED BY G. P. F.

The receipt is acknowledged of your note of June 17, 1915, from Boston, regarding your arrangement with the General Electric Company to take four Indian boys as apprentices in their electrical department, and concerning the success of the summer school.

You will be formally advised in a few days of your assignment to assist in the preparation of a new course of study for Indian schools.

Very truly yours,

(Signed) Cato Sells.

Commissioner.

June 17, 1915

Dear Mr. Sells:

I have just been
out at West Lynn, to look
over the Apprenticeship School
of the General Electric Co.
It is said to be a model
of its kind - the best
in this country and one
which is being patterned
after by some European
schools.

I met the General
Manager and the Sup. of the
Educational Dept. and they
were very considerate and
agreed to take four of
our Indian boys into

Their apprenticeship school next fall. Our boys will be able to earn sufficient to pay their own way. This is a splendid opportunity for such boys as demonstrate special aptitude for the mechanical trades.

Our six weeks Summer School at Carlisle begins next Monday. About 40 students have applied for admission to this short course. In as much as attendance at Summer School is entirely voluntary, this is quite encouraging.

I will leave here this evening and will visit the Williamson Grade School, near Philadelphia, tomorrow and will arrive at Carlisle tomorrow evening.

So far, I have received no written orders about acting on the committee to revise the Course of Study for the Indian Schools.

Sincerely yours,
C. H. Lipps
