SUBJECT:

Enrolment of
over-age students.

October 8th, 1909.

The Honorable,
Commissioner of Indian Affairs,
Washington, D. C.

Sir:

I have noted the instructions given in Office letter of October 2nd, 1909, marked, "Education - Administration, 76789-1909, A.V.S.", and relative to the request for authority to enrol three over-age students.

I am transmitting herewith the application submitted by Henry J. Alexis and which indicates that he made rapid progress while enroled at other schools. He has had some experience as an engineer and his correspondence indicates that he desires to enrol for the express purpose of gaining further experience in this certain work. There is evidence to show that he is a young man of good character and one who would be a credit to any institution, individual or policy assisting him to gain further experience in his chosen work.

E. ad

Commissioner of Indian Affairs.

The application for the enrolment of Daniel Vincent is also being transmitted herewith. The information contained therein indicates that he made rapid progress while enrolled at other schools. Other correspondence we have had with the young man further indicates that he has had some training in engineering and that he desires to gain further experience in that trade. He also has expressed a desire to receive some fundamental training in bookkeeping, now being taught to the higher grades in the Academic Department at this school, and which he realizes would be essential to him in following his trade.

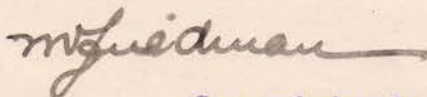

John Runsclose has been one of the model students at this school and is a leader for good not alone among his fellow-Sioux but among the other students with whom he comes in contact. He has not made the rapid progress in his studies he should have made. This was due partly to the emphasis he has been laying to the study of his trade. Principal Teacher Whitwell reports that he has completed the equivalent of one full grade. He now desires to be re-enrolled to complete his training in his chosen vocation of printing.

Commissioner of Indian Affairs.

I beg leave to add further that I have not recommended the enrolment of any over-age students until I have become convinced that they would make desirable students in every way and that the additional training that could be given them at Carlisle would be the means of fitting them to be a credit to the whole Government policy of education and assistance.

If the Office rules concerning the enrolment of over-age students are to be waived in any cases, I earnestly recommend that they should be waived in the cases of the three young men referred to in this communication; who are anxious to improve their condition and who do not have a record of viciousness and debauchery back of them to make them undesirable as students for purposes of instruction as well as for the evil influence they would exert over other students.

Very respectfully,

Superintendent.

Over age pupils.

OCT -2 1909

Moses Friedman, Esq.,

Superintendent Carlisle Indian School,
Carlisle, Pennsylvania.

Sir:

FOR FILE

The Office has received your letter of September 23, requesting authority to enroll Daniel Vincent, John Runsclose and Henry J. Alexis, 21, 23 and 24 years old respectively, in your school.

The information concerning these pupils is insufficient.

In making requests for enrollment of over age pupils you should ascertain and report all the information obtainable so that the Office may be able to determine whether or not they should be given further school privileges.

In the case of Daniel Vincent, his grade should be recorded, where he attended school and how long, what advancement made, and what particular course he wishes to take up at Carlisle.

In the case of Henry J. Alexis, the same information should be furnished. It is noted, however, that he wishes to gain a more practicable knowledge of engineering and this is commendable.

The quarterly attendance report of Carlisle School,

6789-09
Carlisle
820

for the quarter ending June 30, 1909, shows that John Runsclose entered Carlisle in the 7th grade and did not progress any during his three year term at the school. If he did not advance any in three years it does not seem that he would accomplish much by having further opportunities at Carlisle. What particular course does he wish to take up?

You are requested to make full report concerning each of these over age pupils.

Very respectfully,

(Signed) C. F. Hauke,
Chief Clerk.

rol students.

The Honorable,
Commissioner of Indian Affairs,
Washington, D. C.

Sir:

I respectfully request that authority be
granted me to enrol the following named students:

Daniel Vincent	Age	21
Henry J. Alexis	"	24
John Runsclose	"	23

Daniel Vincent's application for enrolment
gives evidence of the fact that he is a 7/8 blood
Indian of the Ottawa Tribe.

Henry J. Alexis is a full blood Pottawatomi
from the State of Michigan and it is his desire to
gain a more practical knowledge of engineering.

John Runsclose was enroled as a student at
this school from August, 1906 to June of this year,
and it is his desire to be re-enroled so that he
can complete his course. He is a full-blooded Sioux
from the Rosebud Tribe.

Very respectfully,

Superintendent.
