Enrollment of New York Indians. FOR FILE

Moses Friedman, Esq.

Superintendent Carlisle Indian School,

Carlisle, Pennsylvania.

Sir:

The Office has received your letter of November 12, 1909, concerning the application of Albert Spring for the enrollment of his daughter in the Carlisle School.

Your action as reported in your letter is approved. For your information there is inclosed a copy of a letter addressed this day to Mr. Spring.

Very respectfully,

Chief Education Division.

FOR FILE

Mr. Albert Spring,
Akron, New York.

My Friend:

Superintendent Friedman has made answer concerning your letter of October 25, 1909, with regard to the enroll-ment of your daughter at the Carlisle School.

All non-reservation Superintendents were directed not to receive any pupils under fourteen years of age without express permission from this Office. Superintendent Friedman has only carried out these instructions.

A year ago it was decided that no New York pupils should be received at Carlisle who had not attended the State schools provided for them near their homes. This decision was reached partly on account of the frequent insistence of parents that their children be returned to them before the close of their enrollment period and also because in many cases the privilege of attendance was not appreciated.

If your daughter has attended the State school you may

correspond with Superintendent Friedman when she is fourteen years old and if there is room for her he will advise you.

Very respectfully. H. Dertch.

The Commissioner

of Indian Affairs,

Washington, D.C.

Sir:-

In answer to your letter of November 11th, under which cover, you enclosed a letter from Albert Spring in which he requests the enrollment of his daughter, less than fourteen years of age, I respectfully recommend that the Indian Office Rules be adhered to, i.e., that students under fourteen years should not be admitted into nonreservation schools.

Mr. Spring states that the girl will be fourteen in a short while, and as he has kept her this long, I question whether it would be a hardship for him to keep her a few months longer. If special permission is granted for the enrollment of this girl because of the special conditions (her wayward conduct and the absence of a mother to control her). I would suggest that the father pay the transportation to Carlisle. I make this recommendation because some of the New York Indians have not thoroughly appreciated the opportunities which are offered at Carlisle, having created

-S- Commissioner of Indian Affnirs,

a good deal of trouble in the past by the unreasonable desire to withdraw their children before the expiration of their terms of enrollment, and I believe that the establishment of stricter rules for their admission will tend to make them more appreciative of the educational facilities afforded by the Federal Government.

I have to further inform you that this office is strictly adhering to the Regulations concerning the enrollment of under-age students. I have refused admission to nearly two score students under the age of fourteen years.

Very respectfully,

my superintencent.

Adminsion of New York Indians at Carlisle. NOV 11 1909

FOR FILE

Mr. Albert Spring,

Akron, New York.

My Friend:

The Office has received your letter of October 25, asking why your daughter, Elsie, cannot be enrolled at the Carlisle School.

The State of New York supports schools for the Indians and this Office expects them to use those home facilities. The Superintendent of the Carlisle School was directed last year to return to their homes all New York pupils whose parents wished them to go home for vacation, and not to receive them back at the school. Under a recent order from this Office, all non-reservation enrollments are restricted to Indian children, fourteen years old or over. When exceptions are made to this rule, it is with the consent of the Commissioner of Indian Affairs.

Your letter has been referred to Superintendent Friedman for report and when it is returned you will be advised further.

Very respectfully,
