Dear Sir:

I have received your favor of the 5th instant, requesting that Walter Saracino be allowed to spend the Christmas holiday with you, but owing to the very few days that school is not in session during the holidays, it has been deemed best not to grant permission for any such leave of absence.

Yours very truly,

*Hon. Commissioner Indian Affairs*

*Dear Sir This letter will explain it self and I take it has I know it is intended as an insult to me, but knowing the Indian Bureau has I do for their unfair and unmanly and cowardly methods I am not expecting any better treatment then in the past*
