The Honorable,
Commissioner of Indian Affairs,

Sir:

In further reference to my letter of October 3rd, relative to an application for enrolment submitted the Office by Clinton D. Marshall of Brinley, Michigan, I beg leave to transmit below a copy of a letter that has just been received from the young man. It is as follows:

"I have on hand your letter of 3rd instant, asking me to write and tell the Indian Office why I want permission of them to consent to my going to Carlisle. If I have not made it plain enough to them, I cannot say anything more. I have made it as plain as I could, telling the object of mine for wanting to attend school. There is only one object why all others wish to attend school and that is to learn something.

If I would have had the same chance as others have I wouldn't trouble you at this time. I have made a good record in the school where I have been the last four years, that is since I was at liberty to do as I please and I have, as I believe, made the best of what time I did spend in school.

I have graduated in Genoa Indian School in Nebraska and was advised by my teacher, Miss E. L. Fisher of Genoa, Nebraska, that if I possibly could, to attend school either at Haskell or at Carlisle, as these schools are farther advanced

in studies than all others, and as far as recommendation goes you can ask Miss E. L. Fisher of Genoa, Nebraska, and she will tell all that is necessary. And if you don't care to do so I have nothing more to say for myself and will have to be satisfied with the outcome of it.

I am willing to do the fair thing with you as well as any one else, and expect the same of you, and if you don't care to admit me in your school as an Indian pupil, you can tell me about it in plain language instead of trying to make excuses.

I will be glad to hear from you again, I remain,"

As the young man is anxious to have a definite reply in regard to the action taken concerning his application for enrolment at Carlisle, I trust that Office will advise me without delay.

Very respectfully,

Sir:

I enclose herewith a copy of a letter that is being forwarded to Clinton D. Marshall at Brinley, Michigan. In view of the fact that I am not acquainted with the young man and that I have no other knowledge concerning him except that given on his application for enrolment, I can not make a recommendation as to what consideration should be given his request.

From previous correspondence I have had with him, I have become convinced that he desires to receive further school training, and if the Office grants me the necessary authority I will be pleased to receive him as a student.

Very respectfully,

Mr. Clinton D. Marshall,
Brinley, Mich.

My dear Friend:

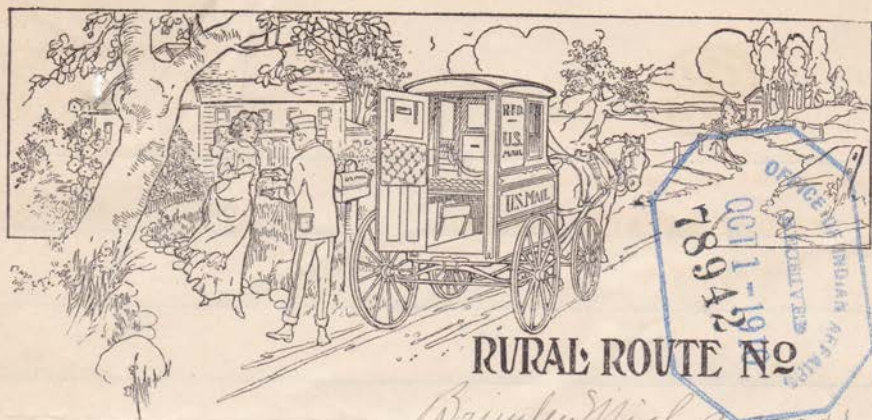

There has been sent to me from the Indian Office at Washington, D. C., your application for enrolment at Carlisle. In view of the fact that I am not acquainted with you and that I could not make a recommendation in the case, I suggest that you write to the Office at once, stating in detail why you think you should be given permission to enroll at Carlisle. You understand, no doubt, that such special permission will have to be given you because you are now beyond the age at which students are regularly admitted here.

State your case fully, so that the Office can give your application further consideration and your request a definite reply.

Very truly yours,

HKM.

Superintendent.
