Cloquet, Minnesota,
September 11, 1911.

The Honorable
Commissioner of Indian Affairs,
Washington, D.C.

FILED BY C. P. F.

Sir:-

I have the honor to acknowledge receipt of your communication of June 24th inclosing certain papers for consideration and recommendation as to the enrollment of Ada Hovermale, a pupil at the Carlisle school. In reply I would state that I recently had opportunity to investigate this matter in the city of Minneapolis, with the following results:

Ada Hovermale, aged fourteen years, is an Assineboine girl of one-eighth blood. Both parents of the girl are dead, and she was sent by other relatives to her grandparents, who are white people and live in the city of Minneapolis. Mr. and Mrs. Hovermale, the grandparents are old people, being seventy-three and sixty-eight years of age respectfully, and live in a cheap four room flat at that place. While they are not in destitute circumstances, there is no evidence of great prosperity.

Mr. Hovermale has been a miller in one of the flour mills but during the past year, owing to poor health, has

Esch

been unable to work but a part of the time. From what I can learn the scanty wages earned have been barely sufficient to provide for the needs of the small family, and that should the girl be returned from Carlisle it will be a hardship on them which they will not be able to stand. She would, in all probability, be turned loose on the streets of the city and be required to work for a living. Since she is enrolled at the Ft. Peck agency and is but fourteen years of age, I believe that it would be far better for her to remain at Carlisle for a few years longer at least before being thrown upon her own resources.

I would therefore recommend that her name be stricken from the list of ineligibles and that she be allowed to remain at Carlisle until such time as she completes the course there.

The papers bearing on the case are herewith returned.

Respectfully yours,

Chas. H. Peirce
Supervisor in Charge.

FILED BY C. P. F.

Sir:

I wish to bring to your attention a letter that has been received from Mrs. M. H. Hovermale of Minneapolis, Minnesota. The same is attached hereto and it is desired that it shall be returned to this school for the files.

This Mrs. Hovermale is the grandmother of Addie May Hovermale, one of the girls declared ineligible for enrolment at this school and who will have to be returned to her home according to the instructions contained in Office letter of May the 16th.

To verify the statements made by the grandmother of the girl I made a personal investigation and I find that the girl is a member of the Assiniboine Tribe. She is dark skinned and is an Indian in appearance. Her application for a transfer was approved by Superintendent Lohmiller of the Fort Peck Agency and it is believed that her grand-mother's temporary care of her in the city of Minneapolis should not

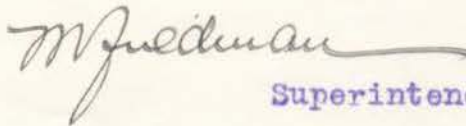

E. Sch

-2- Commissioner of Indian Affairs.

be sufficient cause to dismiss her from a school that is supported by the national government to educate Indians.

It is also believed that the Indian Office does not wish to have this young Indian girl turned loose in a city where her aged grandmother can not care for her and where she would not have a chance to receive training of any use to her, and for the reason that I believe the girl is entitled to the protection of the United States Government, I recommend that the instructions contained in Office letter of May the 16th be waived in so far as this girl is concerned.

Very respectfully,

A handwritten signature in dark ink, appearing to read "M. Friedman", with a long horizontal flourish extending to the right.

I am writing to you in behalf of Jose Probencio who does not want to go to his home this fall. Mr. Friedman has had orders from the department to send him to his home because of his ineligibility and will have to carry out these orders unless Jose can get permission from Washington to remain here longer. I would suggest that Jose write to the Commissioner of Indian Affairs, Washington, D.C. asking to be allowed to remain here longer. You can help him write this letter. This is the only thing Jose can do. Mr. Friedman can decide nothing for him. He will have to do this at once so he can hear from the Commissioner before time for him to go home.

Very truly yours

N. R. Denny.

Mr. William E. Lee,
c/o Evanston Public Library,
Evanston, Illinois.

Sir:

The Office has received your letter of June 17, 1911, asking for an explanation as to the ineligibility of your daughters for enrollment at the Carlisle School, Pennsylvania.

You are informed that the decision that your daughter is ineligible is not based on the amount of Indian blood which she has for the Office does not doubt that she is an Indian but it is now the policy of the Office to place Indian children in the various public schools near their homes whenever and wherever practicable. In the case of Theresa, your daughter, the Supervisor investigating conditions at the Carlisle School discovered that she lives with her parents at Evanston, Illinois; that she attended public schools in the city for about ten years before going to Carlisle; that she claims to be part Stockbridge but her people are not known at the Keshena Agency;

E-34461-2

that you own a three story flat building, renting the top and bottom and living in the middle flat.

In the light of these statements, the Office believes that it would be the proper thing for you to assume the responsibility for the care and education of your daughter instead of supporting her and educating her at Government expense.

Respectfully,

Sir:

Referring to the directions contained in Office letter of May the 16th, this is to report that the students whose names are listed on the sheet attached hereto have gone to the country for the summer months. They are working at their trades, in households and on farms, and a definite agreement has been made for them to remain at their work until the 1st of September. This agreement has not only been made with each student but also with each patron. The latter would not, of course, consent to employ students under any other conditions. The enrolment of these students was regular in every way and was approved by your Office.

In connection therewith I would like to be instructed further, and whether I, as an official of the government, shall break such agreements to carry out Office instructions necessitating the immediate recall of such students.

ORIGINAL

Hayward, Wis. April 14, 1911.

Hon. Commissioner of Indian Affairs,
Washington, D.C.

FILED BY C. P. F.

Sir:-

I have the honor to report further, concerning the enrolment at the Carlisle school, submitting a list of names of pupils whom I do not feel are eligible to enrolment at Carlisle, or any other government Indian School. I have investigated these cases very carefully, obtaining information in some cases from pupils themselves, from agency officials, postmasters and town officers in their home towns, and in the cases of many of the New York Indians, from the principal in charge of the New York state schools on the St. Regis reservation, as well as from the acting Indian Agent in charge of the Canadian Indians at St. Regis reservation, a part of which lies on the Canadian side of the international boundary line. Some of my information was obtained from personal investigation on the New York and North Dakota reservations.

The gathering of the material for this report has required considerable time and correspondence, for I have been very careful that no injury should be done to any pupil who might be excluded from our schools on account of ineligibility.

Among the following pupils there may be a half dozen who, perhaps have some slight legal claim to enrolment, but in these few very doubtful cases I feel that no injustice can be done to the pupil, if he or she should be dropped from the school, for, their homes

Just

being in cities and towns, there is no necessity for failure to secure a good common school education, such as children of white parents ordinarily secure.

I would therefore state that I do not consider the following pupils eligible to enrolment in the Carlisle school, and would recommend that they be dismissed therefrom.

BESSIE WADE, This young lady comes from Rossville, Kansas. She claims to be part Indian but from information gathered I find that her father is white and her mother $1/8$ which makes the girl $1/16$ Indian. She states that she has a good home in the town, living in a two story eight room house about eight blocks from a public school. She is 18 years of age and entered Carlisle in 1910.

WILLARD REVEL. This young man is 18 years of age and entered Carlisle in 1910. His home is with his father who resides on a farm $2\frac{1}{2}$ miles south of New Auburn, Wis. He states that he is part Cherokee but does not know as to the amount of Indian blood. From the post master of the town I learn that the boy's father claims to be about $1/8$ Indian and this being the fact Willard is but $1/16$ Indian and therefore ineligible.

NELLIE & ADALINE BOUTANG. These girls, 16 and 18 years of age, come from near Cass Lake, Minn. where their father lives on a homestead. The father is a Frenchman born in the city of Minneapolis, and the mother a mixed breed Chippewa, possibly $1/4$ Indian blood. The mother has made several efforts to be enrolled with the Turtle Mountain Indians but has not been successful.

Superintendent Casswell of Cass Lake school states that they hold no tribal relations with the Cass Lake Indians, and the only thing that would lead him to believe that they were Indians, and entitled to privileges of Indian schools, was the fact that they have been admitted to such schools.

FRED AND OLIVER CARPENTER. These boys aged 16 and 19 come from Cass Lake, Minn. and are related to the Boutangs. They claim to be Chippewa and Cree, but are undecided as to the amount of Indian Blood. The father was born in Minneapolis, the family has lived at various places in the Indian country, but have failed in several instances to be enrolled. Superintendent Casswell makes the same statement concerning them as to the Boutangs.

OLLIE BOURBONNEAIS. This girl is a mixed blood Shawnee and lives with her grandparents at Tecumseh, Okla. Her mother is dead, was white, and her father lives in Shawnee where he keeps a livery and sale stable.

FRANK AND ALDIA BOURASSA. These girls, aged 13 and 15 come from the town of St. Johns, N.D. where they have a comfortable home.

The father is French and was born in Quebec, and the mother a mixed breed Chippewa born in Minneapolis. They have made attempts to be enrolled with the Turtle Mountain but have failed to prove a right to such enrolment.

JOSEPH BOUCHARD. This young man is past 19 years of age and is practically white although claims to be 1/16 Flathead Indian.

His home is at Ronan, Mont. where he lives within a few hundred yards of a public school which he attended for several years prior to coming to Carlisle.

ALONZO BROWN. This young man is 23 years of age and comes from near New Bedford, Mass. and claims to be 1/8 Indian of the Mashpee tribe. He is practically white and no one would ever surmise that he had any Indian blood, and I think his claim is very doubtful.

WILLARD COMSTOCK. This young man is 18 years of age, is white, and comes from 2130 Monroe St. Evanston, Ill. where he has attended school for several years before coming to Carlisle. He states that his mother is part Indian, was born in Colorado where she now owns several hundred

acres of land. He does not know how much indian blood to claim.

WILLIAM CALLAHAN. Age 22. States that his father is an Irishman and lives at 328 West Williams St. Ft. Wayne, Indiana. that he is employed as a boiler maker and is at present at work in Chicago. He states that his mother is part Miami, but does not know how much. The young man is light complected and white to all appearances.

JOHN FARR. This young man is a Chippewa mixed blood and lives at Chippewa Falls, Wis. He is at present at work as a mechanical draftsman in the city of Harrisburg, getting a salary of ten dollars per wk, with prospect of an early increase. He is amply able to support himself without government supervision.

PEARL AND NORA J. FINCH. These girls, aged 16 and 18 come from Linwood Utah where they say their father owns a large ranch. They claim to be part Shoshoni, although are not enrolled or connected with any reservation. They do not show any trace of Indian blood, and say that their father is a white man.

ROBERT GECK. this young man is 20 years of age and claims to be 1/8 Wyandotte although appearances do not indicate such to be true. He states that his father is engaged in mining in Mexico. The mother makes her home in San Antonio, Texas with a married daughter; while he, Robert, has lived at El Reno, OKLa. for the past 18 years.

PETER GADDY. This young man, aged 19, states that he is 1/8 Delaware from Shawnee, Okla. and if the statement is true is not eligible under the rules for Indian schools.

DAVID-ANNA & MAMIE GILSTRAP.. These young people come from Evanston, Ill. and claim to be part Cherokee, although do not know how much Indian blood they have, nor whether they belong to the Eastern tribe, or to the Oklahoma band. As they have had no tribal relations and have lived within a large city near public schools for several years

I do not

I do not think they are entitled to enrolment in our schools.
 GLADYS EARLE. This young woman, aged 20, comes from Lawrence, Kan. and claims to be "about 1/4 Cherokee". I am not inclined to believe or that she has any, enough Indian blood to entitle her to enrolment in an Indian School, and that her dark color is of Negro origin.

ADDIE HOVERMALE. This girl claims to be 1/8 Assinoboiné but does not know much about her parents. She has lived in the city of Minneapolis ever since she was four years old with her grandfather, who is a head miller in the Washburn-Crosby flouring mill.

Their home is the same block with the Washington public school, one of the best in the south side of the city.

LEONARD HUDNELL. This young man is 20 years old and came from Las Animas, Colo. where his father, a white man, is the western agent for the Knowland Sheep Co. of St. Joseph, Mo. He has finished high school at home, and is here attending Dickinson College, preparing for entry at Dartmouth College. He claims to be 1/4 Cheyenne Indian blood but this statement I consider very doubtful.

JOSEPH JOCKS. This young man comes from Montreal, Canada, where he was born in 1893. He states that his father and mother were also born in Canada, which would debar him from enrolment in U.S. Indian school, although he is of Mohawk Indian blood.

MITCHELL JOHNNYJOHN. This young man was expelled from Hampton in 1908, and is now confined to the guardhouse here for bad conduct.

There does not appear to be any authority for his enrolment here.

PAUL JACOBS. This boy comes from Caughnawaga, Quebec where he has lived for several years. His father is a Canadian Indian and his mother a New York Mohawk, but neither have lived in the United States for over twenty years.

MARY LAROCQUE. This girl comes from St. Johns, N.D. and is supposed to be 1/8 Chippewa Indian. She was enrolled at the Ft. Totten school before coming here but was dismissed from there on account of not being considered eligible. It would therefore seem as if she is not eligible for enrolment at Carlisle.

ELLEN LUNDQUIST. This young lady claims to be 1/16 Menominee, although not enrolled anywhere, and would easily pass as a Scandinavian almost anywhere outside of Carlisle. She has finished the 8th grade work in the public schools at Breed, Wis. and came here in order to graduate, and thus be in line for a position in the Indian school service.

SOLOMON MORIN. This young man, aged 22, came from St. Johns, N.D. where his mother lives on a homestead. He made application for enrolment at the Ft. Totten school, but was refused as he was not considered eligible, and I do not think that he has any right here.

THOMAS MYIOW. This young man came from Chicago, Ill., where he was born in 1894. He states that he has some Mohawk Indian blood but has no idea how much, as he has never lived with, or associated with Indians. His parents have recently moved to Owen Sound, Ontario, which is their present home.

AUDMAN & ROSE OHMERT. These young people, 20 and 24 years of age, and claim to be 1/16 Delaware Indians from Shawnee, Okla. They are white people as far as appearance goes, and came here from the state of Texas.

JOSE PROVENCIO. This young man comes from Tularosa, N.M. and states that he is 1/8 Indian blood, but does not know the name of the tribe his parents are related to. He has attended public schools at his home before coming here. Letters from Supervisor Peterson on

Superintendent Perry

and Superintendent Perry state that he is not know as connected with any Indians in that vicinity, and I am inclined to believe that he is a Mexican boy that is trying to get an education at the expense of this government. The boy shows no trace of Indian blood.

MANUEL GONZOLAS. This young man states that his father is a Mexican and his mother a Comanche Indian, that he has attended school at Albuquerque, and now comes from Anadarko, Okla. Supt. Perry writes that he is not known at Albuquerque, and from his general appearance I am inclined to think he is of Mexican blood and is seeking an education in our schools.

EZEKIEL GUSSMAN. This young man comes here from Columbus, Ohio, and states that his father is a full blood Pueblo Indian and his mother a Mexican, that his father came from Tularosa, N.M. and that his home is at Union, N.M. Supervisor Peterson writes that there is no such place as Union in new Mexico, and that he can learn nothing of this youngman's parents. Another Mexican in Indian disguise.

HOBSON-FINLEY-BESSIE-LOTTIE & FLORENCE PENNELL.

These children are mixed blood Sioux of 1/8 or less Indian blood. They were formerly enrolled at Haskell Institute, but were dismissed from there July 3, 1910, on account of ineligibility.

If they were ineligible at Haskell in 1910, they should also be ineligible at Carlisle in 1911.

MARTHA & CELIA PHILIPS. These young women, aged 18 and 20, state that their home is at Caughnawaga, Ontario, and such being the case they are clearly ineligible. I would add that Mr. V.E. Ellis, principal of the New York schools on the St. Regis corroborates the statement of the girls.

PETER REGIS. This young man comes from the city of New York, where his parents have lived for the past eight or ten years. He states that he is part Mohawk Indian and thinks he is about 1/4 degree. From Mr. Ellis at Hogsburg, N.Y., I am informed that his parents are from Canada, and that he has no right in United States schools.

GEORGE SHEPHARD. This boy came from San Francisco, Cal. where his parents live at 1322 Vermont St. His father is a carpenter and works at his trade in the city. He claims to be 1/4 Klamath Indian, but as he is very light, with red hair, freckled face, and blue eyes, I do not credit this statement. He states that his father owns a comfortable home, house with seven rooms in the city, and seems to be doing well.

ANGUS SPLICER. This young man lives at Caughnawaga, Canada, when at home. Says that his father is a Canadian Frenchman, but that he knows little of his mother. He has attended school for several years in Montreal, was in New York city selling Canadian beadwork, and heard of Carlisle and came on here to school.

He is beyond the work of Carlisle school, and is a student in the preparatory department at Dickinson College, living at the Carlisle school with other pupils.

ROBERT & ESTELLE TAHAMONT. these pupils come from their home at 145 Watson St. Newark, N.J. They claim that their father, who is a locomotive engineer on the Florida Coast Line, is part Abaniki Indian, and that their mother, who is a dressmaker in the city, is white.

They do not show Indian blood, but look more like foreigners from southern Europe.

SAMUEL TINGLEY. This boy is a good looking white boy and comes Portland, Oregon, where his father is a professional gambler and his mother a dressmaker. He has always attended city schools before coming here and would pass for a white boy everywhere,

although claiming to be 1/8 Chicto Indian.

IDA WHITECLOUD. this girl comes from her home at 707 Seventh St. Philadelphia, where her father sells beadwork and other Indian trinkets for a living. She has attended a convent in the city for five years, and the public schools for three years before coming to Carlisle. She has a number of brothers and sisters in the city some of whom are in the public schools. She shows some Indian or other dark blood, but does not claim any tribal relations.

DAVID WEBB. This boy claims to be 1/4 Cherokee Indian and has before coming here lived with an uncle at Tulsa, Okla. where he has attended public schools for a number of years. He has a very light skin, light hair and blue eyes, and does not show much of any Indian blood. Being a Cherokee he is not eligible at Carlisle school.

ELIJAH WILLIAMS. This boy comes from Six Nations, Ontario, where he was born and has since lived with his parents the most of the time. He states that his father went to New York to live and staid about five years then returned to Canada.

✓ EARNESTINE VENNE. This young lady states that her father is a native of Canada, and that he is now living on a homestead in western Canada. She came here from Walhalla, N.D. where her mother is at present living.

CARLYSLE & ADELIN EGGBRIER. These young ladies come from Grafton Ohio, where they live with their parents.

They claim to be 1/4 Menoninee Indian blood but have never lived among the Menoninee Indians, nor do they claim any relatives on the reservation. Assistant Superintendent Eckard of Keshena writes me that they are not enrolled, nor does any one there seem to know anything about them, and thinks that if they have any Menoninee blood it is far removed.

ELIZABETH KRUEGER. This girl comes from Shawano, Wis. where her father is an engineer and owns a comfortable home. The girl is very fair, has hair and blue eyes, although claiming to be 1/8 Menoninee Indian. Superintendent Eckard writes that the girl is not enrolled as an Indian, and does not think that she has any Menoninee blood, but may have a slight trace of Chippewa blood in her veins.

THERESA LEE. This girl lives with her parents at Evanston, Ill. she attended public schools in the city for about ten years before coming to Carlisle. She claims to be "part Stockbridge" but her people are not known at the Keshewa Agency.

The father owns a three story flat building, renting the top and bottom and living in the middle flat.

ALICE-LUCIEN & EUGENIE LAROCHE. These children came from St. Johns, N.D. and are from one of the so-called "breed" families that have so far been unable to secure enrolment as American Indians at any of the northern reservations. The father is white and the mother of doubtful origin, although claiming to be 1/4 Chippewa Indian.

The children were at one time enrolled at the Ft. Totten school, but were refused a second term there by Supt. Davis who did not consider them eligible to enrolment in a United States Indian school. If they were not eligible at Ft. Totten, where their status as Indians was well known, it does not appear that they should be eligible at Carlisle.

In addition to the foregoing list there were quite a number of New York Indian pupils that I did not have positive information concerning, and referred their names to Principal Volney E. Ellis in charge of the New York state public schools on the St. Regis reservation, who very kindly looked into the status of the

same and reports the following as being Canadian Indians and not eligible to enrolment in the United states.

Noah	Brown	Hogansburg, N.Y
Frank	Dibo	,,
Anna	,,	,,
Thomas	Lazore	,,
Alex	Brown	,,
Betsey	Deer	,,
Susan	Hemlock	,,
Hattie	Sawatis	,,
John	,,	,,

Mr. Ellis writes that he has taken pains to thoroughly look in to the above cases, and is sure that his conclusions are correct.

Respectfully submitted,

Chas. F. Pierce

Supervisor of Indian Schools.
