The Office has given careful consideration to your letter of May 9, 1912, reporting your inability to secure the re-enrollment at Carlisle of Peter Jackson, a New York Indian boy who ran away some time ago, and whose father has demanded payment to him of Peter's money still on deposit at the Indian School.

Under the circumstances the Office does not deem it advisable to insist upon the return of this young man to your school, and you are therefore authorized to pay him whatever moneys he may have to his credit on deposit at your school.

You may inform Henry Jackson, the father, that he is expected immediately, to return his son to the Carlisle School, because he was regularly enrolled in the first place and the work which he was called upon to do on the farm was a part of his regular school training, and that if he does not return Peter Jackson at once, you will send a representative from your school to apprehend the young man and compel him to return, and this you are authorized to do.

Finally, you may inform Henry Jackson that Peter's money will not be paid over to him, since Peter is old enough to act for himself, and if Peter wants his money, he must return to Carlisle and complete his term of enrollment.

The Honorable, Commissioner of Indian Affairs, Washington, D. C.

FILLD BY G. P. F.

Sir:

I respectfully report that on March 13th, last, Mr. Henry Jackson, the father of the Peter Jackson referred to in Office letter of May the 8th, was again requested to return his son to school. Transportation had been ordered placed for Peter's use during the month of January and was yet available at that time.

Under date of March the 18th Mr. Jackson wrote as is copied below:

Soil

"Your letter is at hand and in response will say that my boy has no desire to further his education at your school as it is of no use for him to enroll again for he did not attend school but was working on a farm contrary to the signed agreement which was made when he entered your school.

Therefore I deem it only right that you give him his honest earnings which is very small compared to the value of the education lost during the time he was working when he cught to have been at school.

-2- Commissioner of Indian Affairs.

He is eighteen years old March 20, 1912.

The money will be used for his support while he is going to school if he wishes to do so, or if he goes away to some other school where he can be taught.

This is all so please let me know at the earliest possible date your opinions and oblige,"

If the Office deems it advisable to send a representative from this school to apprehend the young man and to compel him to return to school to complete his term of enrolment I would be pleased to receive instructions to that effect.

Very respectfully,

FILED BY G. P. F.

The attached letter has just been received from Peter Jackson, a former pupil of Carlisle, who deserted from that school during the time I was making a payment to the New York Indians.

After his desertion from the school, his father, Henry Jackson, called at my office and requested that inasmuch as he was then supporting his son that I should pay him his son's share of the Senecas of New York fund. After investigating this matter I felt convinced that the father of this boy had induced him to desert from Carlisle for the very purpose of getting his money and spending it.

The boy now states that he has become of age, -18 years,.

Of course, the annuity roll, on file in the office, will prove that.

He now requests that all moneys due be paid to him.

There was something like \$185 that Mr. Friedman, the Superintendent at Carlisle, had on deposit that this boy had earned on the "Outing System." The father also endeavored to obtain this money, undoubtedly for his own use.

The last I heard of the case the matter of the disposition of the "Outing" money on deposit with the Superint endent of the Carlisle School, was turned over to Mr. Carter of the Education

division for instructions to be issued to Mr. Friedman.

Respectfully submitted.

Sir:

In reference to the re-enrollment of Peter Jackson, concerning whom you had some correspondence with Special Agent C. C. Early, you are advised that the Office believes that you should make some further effort to get this boy back into your school. You should at least retain what money is now due him until this Office directs you to pay him. As soon as his father learns that the Office is adverse to turning not only this money but his annuity over to the young man until he is at least 18 years of age, it is believed that he will readily consent to his son's re-enrollment.

Mr. Early took this matter up with the president of the Seneca Mation, Mr. Hoag, who advised Henry Jackson, the father, to return the boy.

If you cannot secure the re-enrollment of this young man within a reasonable time, you may so report and

the office will give the matter of the disposition of the boy's fands further consideration.

Superintendent Carlisle Indian School, Carlisle, Pennsylvania.

Dear Sir:

Receipt is acknowledged of your letter of February 21, enclosing check payable to my order for \$151.28 representing the balance of the funds due Peter Jackson, minor son of Henry Jackson, a new York Indian.

I am quite familiar with this case as we have already had considerable correspondence about the matter.

Upon receipt of one of your letters at Salamanca,
New York, I had a talk with Henry Jackson, the father of
this boy and persuaded him to send his boy back to your
school. The President of the Seneca Nation, Mr. Hoag,
also gave Henry Jackson the same advice in my presence.
It is now evident to me that this father is keeping his
minor son out of school for the sole purpose of obtaining
any moneys due the boy from the Government.

I have no doubt there will be other such cases and if any more occur at your school I suggest that you so

advise the Indian Office where there is even a suspicion that parents are taking their children from school for the purpose of drawing their money.

As I have closed my accounts covering the New York payment I return your check herewith and with the suggestion that you hold this money until the Indian Office gives you specific instructions for its disposition.

Please inform me from what sources, whether from Government annuities or other Government funds, this \$151.28 was received, from whom, in what amounts and the dates you received it.

In my opinion this money if derived from annuities should not be paid to the father unless the Indian Office so directs.

I thank you for calling this matter to my attention and upon receipt of your reply giving me the information requested, I will take the matter up with the Office looking to the final disposition of the money.

Respectfully, Early.

Dear Sir,

I have request from Henry Jackson, the father of Peter Jackson, for the balance of his money. Peter has been a deserter from Carlisle since Nev.28th,1911 and it is probable that he is at home. I am therefore enclosing a theck herewith for \$151.28 in your favor, closing this account, and would suggest that you take it up as "transfer of funds" and disburse it as you think proper.

My dear Mr. Hoag:

I enclose herewith a letter just received from Mr. Friedman, Superintendent of Carlisle School, with reference to leter Jackson, the son of Henry Jackson, the boy having recently deserted from Carlisle. Mr. Friedman's letter is in reply to a letter I wrote him in accordance with my promise to Henry Jackson. You can see by the Superintendent's letter that the boy is well thought of at the school and they would like to have him back there. You will also see that the boy was sent out in the country in accordance with his request.

I believe that this boy should be back in the school and that he and his father and he should realize it.

I would greatly appreciate your influence exerted upon the father of the boy to persuade him to return to school and I believe you would be performing a service that the boy and his father would afterwards thank you for, and I believe Mr. Friedman would appreciate it also. I would also thank you to return the enclosed letter to me after you have shown it to his fater.

Dear Sir :-

I understand that Peter Jackson, a pupil who until very recently was enrolled at your school ran away from there a few days ago and is now back here upon the reservation. Henry Jackson, of Red House, N. Y. has applied to me for his son's share in the recent paument made by me to the Seneca Indians of New York claiming that the boy is no longer in school and requesting that in as much as he is now supporting the boy, he should be paid the money. Upon questioning the father, I feel convinced that the boy should be back in school and I have been wondering whether you anticipate his apprehension and return to the school. His father pretends that he is very anxious that the boy have an education, but objects to the son going out into the country to work --- under your outing system, I presume he means, and I explained to him that you knew what was best for the boy's good and that he would have to abide by the rules of your school and that the father should make the boy return to school.

Any information furnished will be appreciated.

I have your letter of January the 29th, in which you inform me that your son Peter will not return to school here. I regret very much that such a course of action has been decided upon, for it is your son alone who will be the loser.

For the reason that he is a deserter from this school his previous good record is marred and will remain marred just as long as he does not make an attempt to become a student again.
