Replying to Office letter of April the 18th, I re-
spectfully state that a letter as follows has this day been
addressed to Mrs. Alice M. Henderson at Gresham, Wisconsin:

"I have just received a letter from the Com-
missioner of Indian Affairs in regard to the re-
lease from this school of your son Milford, so in
reply to your letter of recent date I will advise
that your wishes will be carried out just as soon
as you send the amount that will be required to pay
for his transportation.

If you expect to meet Milford in Chicago an amount
of \$20.00 will be sufficient to cover the cost of
transportation and will leave him a small balance
to pay for incidental expenses enroute.

Awaiting your further pleasure in this matter, I
am,"

Very respectfully,

Mr. O. H. Lipps,

Supervisor in Charge, Carlisle School.

My dear Mr. Lipps:

Alice M. Henderson, whose address is Box 135, Gresham, Wisconsin, has asked for the termination of the enrollment of her son Milford, who was received in Carlisle about October, last, and his return about June 1st. If you know of no objection you may return the boy, but it does not seem that it would be proper for the Government to bear the expense of his transportation to his home. If you agree with this view you can make arrangements directly with Mrs. Henderson for Milford's return. Please advise the Office also.

Very truly yours,

My dear Mrs. Henderson:

I have your letter without date asking that your son Milford be permitted to return from Carlisle Indian School, as you find that it will be practicable for him to attend the high school in the city to which you are going, and unless the Supervisor in Charge of the Carlisle School knows of some objection to this, which I think unlikely, authority will be given for the termination of your son's enrollment and his return to his home.

He was enrolled about October, 1913, and it will probably be necessary for you to pay his transportation, as I do not think the Government will be justified in defraying this expense. The Supervisor in Charge will communicate with you directly as to the necessary arrangements.

Very truly yours,

Dear Sir:

Enclosed please find the letter Mr. Henderson spoke to you about.

It is the letter from the head Commissioner of Indian Affairs at Washington in answer to Gov. Spry's letter in our behalf.

Mr. Henderson informs me that you have kindly consented to intercede for us with Mr. Sells, the head Commissioner of Indian Affairs, in regard to having our boy Milford enrolled at Carlisle School,

I have written to Mr. Sells and explained that my idea in sending Milford to Carlisle was not that a home be provided for him but it is for the industrial training which I know he will receive there. I am going to the Stockbridge Reservation to live in Oct. and as there no suitable school there that I could send him I would like so much to have him admitted to Carlisle School.

I am in poor health that is why I am leaving Utah. My Doctor thinks I will improve in a lower altitude.

I should like my boy to have the industrial training so if necessary he will be able to care for himself, so if you can help us in any way your kindness will certainly be appreciated. Would you please let us hear from you when you have received an answer from Washington. Your kindness will not be forgotten,

Dear Sir:

I enclose you the letter I received from Washington a few days ago in reference to sending my boy to Carlisle School. They don't want to consider his enrollment at the school until I have moved to the reservation.

I am very anxious to send him from here if possible.

I know there isn't a school on or near the reservation that he can attend and the environment there are such that I wouldn't care to have him live there.

He is fourteen years old and just the age where the industrial training such as they teach at Carlisle will be just what he needs. Since I shall have to leave Utah I have no other place to go but to my people in Wisconsin.

If I leave the boy here there will be no one to look after him so I really don't know what to do. If you can help us in any way we will certainly appreciate it and will feel very grateful to you for your kindness.

I am planning to leave here the latter part of October. Thanking you in advance for any help you may be able to give us, I am

Since the personal call of your secretary upon me last week, the matter of the enrollment of Milford Henderson, son of Mrs. Alice M. Henderson, of Salt Lake City, Utah, in the Carlisle School, has been taken up.

Mrs. Henderson has been advised that the Office will interpose no objection to her son's enrollment at Carlisle, provided accommodations are available. This authority was given upon the assumption that Mrs. Henderson was to leave Salt Lake City and move to a community where suitable public school facilities are not available.

If it should be found later that she is residing where suitable school facilities are available, and her son has been enrolled at Carlisle, instructions will be given to Superintendent Friedman to discontinue his enrollment at Carlisle School.

Dear Sir,

I have received a copy of your letter to Gov. Spry in reference to Milford Henderson being admitted to Carlisle School.

My idea of sending him there was not in order. That a home be provided for him, but that he might receive industrial instruction. I should like to have him learn a trade by which he would be able to care for himself if necessary.

C. Sells

I know he would be taught to work at Carlisle and I think that would be the making of him. I have looked over the catalogue of the School so I was not expecting that he would receive a regular high school course. I have made sacrifices in order to give him the education he has received and now I should like so much to have him receive the industrial training. I expect to remove to the Stockbridge Reservation in Wisconsin soon and as there are no suitable schools near that I would be able to send him to I do hope you will consider his admission to Carlisle.

I wrote to Mr. Friedman Sept. at Carlisle last week and explained to him as best I could why I was leaving here and why I was so anxious to have Milford enrolled at Carlisle.

Rev. Newman who has written to you in our behalf has gone east on his vacation. Gov. Spry is not in the City at present and his secretary advised me to write to you.

I hope my explanation to is satisfactory and that your reply will be favorable.

My Dear Sir:-

My attention has been called to the fact that Milford Henderson, a graduate of the public schools of the State of Utah, whose mother is an Indian, has made application for admission to the Carlisle Indian School, but has been informed that he is inelligible on account of the fact that the color line is not drawn in the schools of Utah.

I am informed that the law does not provide for any such discrimination, but especially in this case inasmuch as the mother and boy expect shortly to move to the Stockbridge Reservation, in Wisconsin, where it would be impossible for him to procure High School work I would greatly appreciate if you would write to the Superintendent of the School calling special attention to this case. From the source of my information relative to the boy and his mother I am convinced that it is a worthy case.

I shall greatly appreciate any courtesy you may show me in this matter.

Dear Mr Friedman, in filling out the blank for the indian family by the name of Henderson I neglected to state that the mother of the the Mrs Henderson in question is still up on the Stockbridge Reserbation her name is Quinney and the agent up there is Mr A.S Nicholson he is intimately acquainted with Mrs Quinney and I am sure he will give you any information you might desire as to the legitimacy of the applicatōon of her daughter.

I hope you will accept this boy for he is of the material that will doubtless bring credit to the School and to you as its Principle ,I have as yet received no reply from my last letter and am at a loss to know why if there is any further service that I might render please inform me and I shall be glad to help in any way .

P.S. This says Grandfather on the Quinney side was a noted Indian chief, the name Henderson is German and comes from his father's side, there is no record of the Henderson's on the Reservation for their people have never lived there.

Sirs:-

I am employed in the state of Utah under the Home Mission Society and there is an Indian family that has asked me to secure from you a catalogue of your school, they are desirous of sending their son to you for instruction, he is now in the first year high and wishes to know the terms under which he might enter Carlisle.

Very truly yours,

Allen Newman

Dear Sir:-

Please find inclosed the application blank giving particulars in reference to the boy Milford Henderson, I am personally acquainted with the father and mother and can vouch for the truthfulness of answers given. This is their only child and I inclose a picture of himself and mother, the mother is inrolled in the Stockbridge Tribe and has been here in Utah about eleven years, the boy has just completed his studies at the Bryant School in this city, the parents are anxious to send Milford to Carlisle for they know the school. several relatives have already finished there, they are willing to place Milford in your charge as soon as he can be received for they are now making arrangements to leave Utah. Milford is quite apt in his studies and is now prepared to enter the High School, he is also a good violinist having had regular instruction for the past three years.

Should there be any further interest that you might desire me to take in this case I shall be glad to do so.

Yours very truly.

Allen Newman

Mr. M. Friedman, Supt.,

Dear Sir:- This is to certify that I have examined Master Milford Henderson and have found him in first class physical condition.

Milford is well developed boy, mentally above average and fit to enter any school, suitable for his age. Aged 14 years and will graduate from the city schools this year.

Respectfully,

H. S. Scott M.D.

The Honorable,

Sir:

Milford Henderson, who graduated from the grade schools of this city in June of this year, has made application to enter Carlisle, and has been informed that in view of the fact that the color line is not drawn in the schools of Utah he cannot be admitted to Carlisle, but should continue his studies at the local High School.

The mother of this boy has called upon me and explains that she expects shortly to move to the Stockbridge Reservation in Wisconsin, where opportunity is not afforded for high school work and where it will be impossible for her boy to learn a trade, and she is therefore extremely anxious that he be admitted to Carlisle.

Mrs. Henderson is accredited as a reliable woman and I am assured that her representations may be depended upon. I therefore write to ask that the application of young Henderson be reviewed and if possible acted upon favorably.

Very respectfully,

William H. Hunt
Governor.

Dear Sir :-

I have before me a letter from Mr M.Friedman of Carlisle Pa. In referenc to the enrollment of a boy by the name of Milford Henderson in that school,he informs me that you are desirous of learning more definite news concerning the boy before you sancjion such an enrollment .may I add that this boy is soon to be without the support of his parents owing to the fact that the father and mother are soon to separate and there will be no way of arranging for him to continue in the public schools here in Salt Lake City I have consulted the State Superintendent Mr Nelson and he has advised that I write you a letter of explanation stating that it will be impossible for the boy to continue here owing to the separation .the parents have drifted out here from the Stockbridge Reservation and the mother is a most deserving woman but cannot support the boy owing to her poor health,she is trying to save up transportation to get back to her people on the Reservation .

I am a Missionery here on the field and am in a position to supply you with all necessary information,your early consideration will be appreciated
Verytruly yours .

Sir:

The Office has received your letter of June 13, transmitting correspondence with Rev. Allen Newman with regard to the proposed enrollment in the Carlisle School of Milford Henderson.

Inasmuch as it appears that this boy has access to the public high schools of Salt Lake City, it does not seem advisable to enroll him at a Government Indian School, unless there are more definite or urgent reasons than is evidenced by the papers here-returned to you.

Respectfully, (Signed) C. F. Hauke.
