Mr. Moses Friedman,
Supt. Carlisle School.

Sir:

Answering your letters of October 11 and October 13, you are advised that the Office approves your dropping Lucinda Welch from your roll and returning her to her home at Cherokee, N. C., at the request of her parent, who has furnished funds for her transportation.

You are also authorized to drop from your rolls Marie Le Sieur for misconduct, and return her to her home. If she has not sufficient funds for her transportation or her parents will not furnish same, she should be sent home at Government expense.

If, in your judgment, either of these girls should be likely to apply for enrollment in another Indian school, you may communicate with the superintendents of those schools to which they might apply,

You should notify the Superintendents in charge of reservations where these pupils belong of your action, and suggest that they give whatever protection and encouragement they can to these girls. A similar letter should be sent to their parents.

Respectfully,

Sir:

Referring further to my request of October the 11th, regarding Lucinda Welch and Marie Le Sieur, I respectfully transmit herewith correspondence that has passed between this office and Superintendent Henderson of the Cherokee Agency.

Because I had not received a reply to my letter to Superintendent Henderson, and for the further reason that prompt action seems advisable, I forwarded my recommendation of the 11th. Now that the parents of Lucinda Welch have forwarded a sufficient amount to pay for her transportation I respectfully request that the part of my recommendation pertaining to her case be cancelled, so that arrangements can be made to return her to her home in compliance with her parents' wishes.

Very respectfully,

HKM.

Sir:

I respectfully transmit herewith written communications that have been handed to me by the Matron of the School, written by two of the girls now enrolled here, and I recommend that authority be granted me to expel them from this school with the understanding that they cannot be enrolled at any other Indian School.

Lucinda Welch is a 3/4 blood member of the Cherokee Tribe in North Carolina, now nineteen years of age. She was enrolled at this school on March the 18th of this year. During the month of June she had deserted from an Outing home to which she had been allowed to go for the summer months, and only after a long search was she found and returned to school. Since her return to school she has practiced further misconduct. She is a bad influence and should be removed.

ber the 6th of 1911. She is a 3/8 blood member of the Paiute Tribe and was sent here by the Superintendent of the Fort Hall School in Idaho. She is now eighteen years of age.

During the time she has been enrolled here she has been generally unmanageable in spite of all efforts that have been put forth to assist her to improve. This week she deserted from an Outing home where one more chance was being given her in the home of a patron whose best care could be depended on, and is now confined under the Matron's jurisdiction of the Detective Bureau in the City of Philadelphia for safe keeping, in which city she was apprehended at my request.

Because of the fact that these two girls cannot be kept here as students it is respectfully requested that I be authorized to send them to their homes as soon as it can possibly be arranged.

Very respectfully,

Encls.
