Sir:

Reporting as was requested in the Office's letters of January 14th and 28th relative to the eligibility for enrolment at Carlisle of Louis White, I respectfully state that the young man claims three-fourths degree of Indian blood for each of his parents. The record of his former enrolment at Carlisle does not specify any definite degree of Indian blood for his parents and his own as but one-fourth.

Louis claims further that his parents are in fairly comfortable circumstances but that they cannot contribute in any way toward securing an education for him if he is not given permission to continue with his enrolment here.

Very respectfully,

I respectfully report that Louis White, who is again referred to in the Office's letter of January the 14th and in the communication I return to the Office herewith, arrived at this school this morning.

In view of the fact that he has paid for his transportation from personal funds and desires to devote the usually required time to industrial work I have given him permission to remain here. It is requested, therefore, that my action be approved and that I be granted authority to enroll the young man.

There is inclosed a letter from Chief Loran Jacko relative to the application for enrollment of Louis White which matter has been the subject of prior correspondence.

What is your opinion as to the advisability of admitting him with a definite understanding as to both academic and industrial work? The facts as to his eligibility do not fully appear in the record, and especially the circumstances and degree of Indian blood of his parents. Please ascertain such facts as would have a bearing upon the obligation of the Government to receive him in the Carlisle School and advise. Also return the inclosure.

My Friend:

Referring further to your communication of November 14, requesting enrollment of Louis White in the Carlisle Indian School, it appears that this young man is over 21 years of age, and I am advised that he desires to devote his time in the school to academic work solely and not to vocational training.

If so, it seems that little could be gained by him at the school that would be of use and benefit to one of his age. The only justification for his entering Carlisle would be in order to fit himself for some calling which would be the means of his earning a living after he leaves the school. Under the circumstances it would not be wise to enroll him.

To The Commissioner of Indian Affairs, Cato Sells,

GREETING :-

There resides on this, The New York St. Regis Res-
ervation, a young man that is exceptionally bright intellectually.

He has been in the Carlisle Indian School under former Supt. Fried-
man. While there, this boy had a splendid record; and for three years was
an officer in the school.

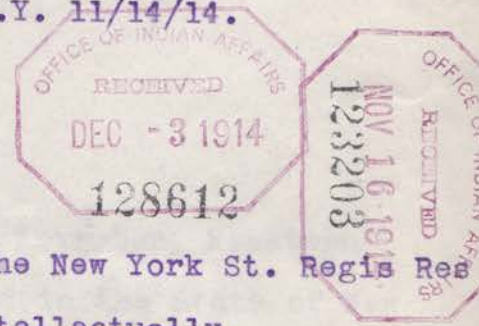

Realizing that an education superior to that he now has, will be of
great benefit to his people and himself, and having an earnest desire to
obtain that education, he wishes to re-enter THE CARLISLE INDIAN SCHOOL for
a period of three years.

The name of this applicant is Louis White. He is the son of the
Chief Clerk of the New York St. Regis Reservation, and has made application
to Supervisor Lipps, and has been informed by the Supervisor that he (Mr.
Lipps) could not admit him to the school without special authority from
The Commissioner of Indian Affairs.

Louis then wrote to your Office, enclosing the letter from Mr. Lipps,
that being over a month ago.

In view of the fact that this young man is in so determined earnest
to advance himself intellectually, and that it is the especial desire of this
Council, that just such young men be encouraged, that others may become de-
sirous to follow such example.

We, the undersigned Chiefs of the Mohawk Tribe, and Councillors of
the COUNCIL OF THE TRIBES, pray that the special authority to admit the said
Louis White to the CARLISLE INDIAN SCHOOL be graciously given to the Super-
visor of the school that he may admit Louis White to the advantage of the
further education in the said school.

Signed and Sealed, this the fourteenth day of November, Nineteen hundred and fourteen. At the St. Regis Reservation, and in the State of New York.
