The Office has received your letter of November 5, in which you express a desire to be enrolled at the Carlisle Indian School. Several applications from Indians in your locality have recently been made through the Supervisor in Charge of the Carlisle School for admittance to that school.

CARLISLE

However, no new enrollments have been authorized for Robeson County Indians, owing to the fact that it is not deemed advisable for the Federal Government to undertake now to educate these Indians who have public school facilities near their homes and have not heretofore depended upon the Government for their education.

Dear Sir; I am an Indian
of the Cherokee tribe of eastern
N. C. in Robeson County. I want
to enroll in the Carlisle Indian
School at Carlisle P. A. The
Superintendent of the school wants
a recommendation, before he will
enroll me. I can get a recommenda-
tion from the state Superintendent
of public instruction.

L. Con

We have a few common
schools, but no industrial schools.
I want to go there for industrial
training. If a recommendation
from the state Superintendent
of education will do, let me
hear from you at once.

yours truly
W. H. Oxendine
