My dear Mr. Lipps:

With further reference to the letter of Mr. DeHuff, Acting Superintendent, of August 18, enclosing correspondence concerning the release of Alice Logan from the Carlisle School, you are advised that in view of her surroundings and the fact that she is only 16 years old, it is believed that she should be retained at school provided she is willing and ambitious enough to take up some special course of training. When she is older and better equipped to take care of herself she can be more of a help to her father or mother and decide for herself what is best to do. Under the present perplexing circumstances it is deemed inadvisable to send her either to her father or her mother.

Very truly yours,

(Signed) E. B. Meritt
