Mr. John Francis, Jr.,
Superintendent, Carlisle School.

FILED BY G. P. F.

My dear Mr. Francis:

In reply to your letter of April 16 with reference to the request of Michael Gomez, former pupil of Carlisle School, for reenrollment, you are advised that owing to the fact that this young man is a full blood Indian and has made a good record at school, authority is hereby granted for him to reenter Carlisle for the purpose of joining one of the Ford Factory classes.

Very truly yours,

(Signed) C. F. Hauke
Acting Assistant Commissioner.

4-LP-19

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN SCHOOL

CARLISLE, PA.

April 16, 1917.

Commissioner of Indian Affairs,
Washington, D.C.

Sir:

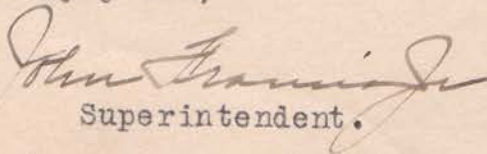

Michael Gomez, a former pupil of this school who is now 29 years of age, has asked for re-enrollment here so that he may prepare to enter one of the Ford factory classes.

Michael was a student from September 1910 to May 1914, during which time he made an excellent record. As far as I know he has made a good record since he left the school in 1914.

He is a full blood Indian of the Pomo tribe from California and judging from his record I think that he will be deserving of a chance to join one of our Ford classes.

As he is over age I write to know if you will allow me to enroll him as a student.

Very truly yours,

Superintendent.
