My friend:

I have your letter of October 24, expressing a wish to obtain assistance for admission to the Carlisle Indian School. It appears that you have had school facilities near your home and that you belong to the Indians in the state of Maine, who have been entitled to privileges of the state schools. This Office has not been providing educational means, etc., for Indians in the state of Maine. You are therefore not eligible for enrollment at a Government Indian School. At least, it does not appear so from the information furnished in your letter.
