Mr. John Francis, Jr.,  
Supt., Carlisle Indian School.

FILED BY C. P. P.

My dear Mr. Francis:

In accordance with your recommendation and for the reasons given in your letter of August 28, 1917, authority is hereby granted you to release from your school Mary Lieb, an Omaha pupil who was sent to her home at Walthill, Neb. Her enrollment at Haskell Institute is also approved, in order to comply with the wish of her guardian to have her attend school in the Kansas climate <sup>where</sup> it is believed that her physical condition will be benefited.

Very truly yours,  
*(Signed) E. B. Meritt*

Commissioner of Indian Affairs  
Washington, D. C.

Sir:-

Mary Lieb, an Omaha pupil, completed her term at this school this spring and was sent to her home at Walthill, Nebraska. I now have a request from her guardian, Spafford Woodhull, to release her from this school as he desired to enrol her at the Haskell Institute, Lawrence, Kansas. He claims that he wants to do this on account of Mary's poor physical condition.

Mary was not in excellent health at Carlisle and I agree that the Kansas climate might be better for her. I therefore respectfully request authority to release her from this school.

Very truly yours

*John Brown Jr*  
Superintendent.
