INDIAN AFFAIRS

March 12, 1912.

Dear Sir

OFFICE OF INDIAN AFFAIRS
RECEIVED
MAR 14 1912

In regards to your letter
stating my willingness in returning
to Carlisle I could get assistance
from the office.

FILED BY C. P. F.

The reason I left the
school was because I could not
stand the confinement they went
through in Carlisle, and my
health was breaking down.

But since I have been do-
ing hard work in steel mills I have
got my health back, and, would like
to know if in any way my share of
land could be sold by the government
which is in Browning Montana,
and a farm be bought with the
money for me near Pittsburg, Pa.,
I say I would like to be
come a citizen and make my
home in the east. I want to go

Home and see my people I
written several letters to my
people but I have gotten any
answer. Please answer this at
once and let me hear from you

And if a farm can't be
bought I would like to hear of
some way of trying to get home

As I would like to invest
my money in the shoe repair-
ing business which is my trade

Wishing satisfaction con-
cerning my property.

Respectfully Yours,
James Bearchilde

Please, answer this at
once.
