I regret very much to advise you that it became necessary on January the 26th to send Irwin Sherman away from Carlisle. In spite of the fact that he was taken back last fall only after he had assured me he would make better use of his time it became necessary to keep after him every hour of every day to make sure that he was in school or at his work. He was not accomplishing anything and was a demoralizing influence, and so his removal from school was the only course of action left.

At his request transportation for his passage to Sioux City was provided for his use, and an amount of \$27.63 has now been charged to the account of this school to pay for the same. It seems to me that Irwin should be compelled to pay the amount and I am writing you for your co-operation. An amount of \$3.00 in cash was advanced him to pay for incidental expenses, which should also be returned to me.

I hope you can let me hear soon when I may expect to receive the amount of \$30.63 that had to be expended to get

*Loth*

-2- Mrs. Zallie R. Drips, Sioux City, Iowa.

Irwin away from Carlisle so that the agent of the C. V. Railroad Company who furnished the ticket can be requested to hold the charge open.

For your information I am having copied below paragraphs of letters that were written last fall in connection with Irwin's request that he be allowed to return here to continue with his studies:

"Regarding your own return to school I can only state that you will have to make up your mind to do better work than you did last year before you can be received again as a student. I understand that you did just about as you pleased and that there was some question about your fitness to be retained as a student to the end of the year. Under the circumstances you will have to decide for yourself just what your attitude is going to be. The time has come at Carlisle when time will not be given to any student who will not settle down to earnest work."

"Replying to your letter of September the 9th, this is to advise that on the 4th instant I recommended to the Commissioner of Indian Affairs that you be allowed the use of the funds for which you have applied, providing you would use the payment for your transportation to Carlisle.

I also advised the Commissioner that your record here last year was rather an indifferent one and that you had been instructed to make up your mind to put forth more conscientious effort this year if you desired to be given the chance to return here."

Very respectfully,

*Chipp*  
Supervisor in Charge.

HKM.

Copy to the Commissioner of Indian Affairs.
