The Indian Bureau,  
Washington, D. C.,

Dear Sirs:-

I understand that in certain instances you have placed young Indian girls in households to assist in general housework. Is this still the case? If so, I would be glad to take such a girl of 16 to 18 years of age into my home. I can assure you she would have a good home and receive very kind treatment.

Trusting to hear from you,

I remain,

Very sincerely yours,

Walter L. Bitter
