Having noted the Office's letter of April the 3rd, I respectfully state that it will be entirely agreeable to me to have Willie Connell's three children transferred from this School to the Haskell Institute at Lawrence, Kansas, as is desired. However, for the reason that they have been enrolled here for less than one year, it is my opinion that the father of the children should pay not only their transportation to the Haskell Institute, but a reimbursement as well of the amount of \$54.24 that was expended during the 1st Quarter of this fiscal year in providing transportation for the use of Julia and Edward Connell. I respectfully so recommend and shall await further instructions.

Very respectfully,

HKM.

Sir:

John Connell, an Indian of Reserve, Kansas, has to-day made a request that the three children of his brother, Willie Connell, also of Reserve, Kansas, who are now enrolled at Carlisle, be transferred to Haskell for enrollment there. The three children's names are Julia, Edward and Alvona.

John Connell says that his brother's children are full-blood Indians; that he desires their return to Haskell so that they will be near his home, and he will be able to have them assist him in his farm work during the summer, and that he will pay for their transportation from Carlisle to Haskell.

If this transfer is agreeable to you and to Superintendent Wise of Haskell, with whom you may correspond, you may take up the matter directly with Willie Connell, of Reserve, Kansas. Should there be some objection, you may report to this office with your recommendations.

Respectfully,

(Signed) C. P. Hauke
