

Education-Industries.  
L. McC.

Reports of  
Returned Students.

Mr. Moses Friedman, Superintendent,  
Carlisle Indian School,  
Carlisle, Pa.

Sir:

When you forward form 5-244 to the Office will you please make a full report concerning the students leaving your school at the expiration of their term of enrollment. The general bent of the pupil, his native and acquired ability, and his progress in literary and industrial instruction should be set forth.

Some reports have said: "This pupil is fitted for no employment". Should you find it necessary to submit such a statement, please give the reasons why the pupil is leaving school unprepared for self-support, and why he is not retained until he has gained proficiency in some occupation whereby he may gain a livelihood.

This information is of importance to the Office in placing returned students in positions, whereby they may lead useful, honorable lives, and be self-supporting.

Respectfully,  
(Signed) F. H. Abbott.
