Gentlemen:-

The enclosed printed matter was received in the mail this morning. Having some doubt as to the business being official, it being the first time I knew the United States Government done business for profit or had anything to sell excepting postage stamps, I write to inquire whether the proposition is genuine or a fraud. If it is genuine, kindly return me the mail matter, that I may get in communication with the Advertisers and look into their proposition relative to purchase.

Very truly yours,

Herbert M. Bingham
