WASHINGTON.

May 8, 1908.

Subject: Desire of officer at
German Hospital to secure services
of Indian girl from Carlisle.

Supt. Indian School,
Carlisle, Pennsylvania.

Sir:

Your letter of the 28th ultimo has been received, in which you transmit a letter received from the Superintendent of the German Hospital in Brooklyn.

It appears from this communication that one of the hospital managers desires to secure for his family an Indian girl in the capacity of maid and waitress, but not as cook or in the domestic line; that she would have an excellent home with a good salary and Christian surroundings.

If you have an Indian girl who you think can fill the bill, you may take up the question of allowing her to obtain this position with the Superintendent of the German Hospital, notifying this Office of your action.

Very respectfully,

(Signed) C. F. Sarrabee
Acting Commissioner.

Mr. M. Friedman, Supt.,
U. S. Indian School,
Carlisle, Pa.

My dear Mr. Friedman:

One of our Hospital managers has requested me to try and secure for his family an Indian girl in the capacity of Maid and waitress, but not as cook or in the domestic line as they have these people. She would have an excellent home with a good salary and I think Christian surroundings.

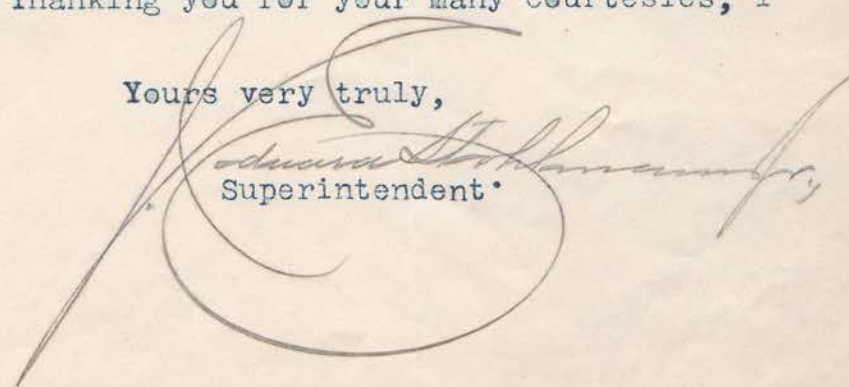

He was so well pleased with the Indian girls that are training here in the hospital, that this wife requested him to ask me regarding the obtaining of one.

Will you kindly furnish me with the required application papers etc.

The four Indian girls are doing finely, well liked by other members of the school, excellent discipline, truthful and more than all are ladylike in deportment.

Thanking you for your many courtesies, I remain

Yours very truly,

Superintendent.
