AUG 22 1918

My dear Mrs. George:

In a communication to this Office, Mr. George Gore of Newtown, Pa., requests the privilege of keeping with him this winter your son, John R. Wolfe, an outing student from the Carlisle School. He states that it is the boy's wish to remain and that he will give him the proper school advantages. His home is recommended by Mr. Dickey as being "a suitable and good home for boys".

The Office will be very glad to have you express your wish as to this arrangement for your son, and, therefore, requests an early reply to this letter.

Very truly yours,

The Commissioner of Indian Affairs  
Washington, D. C.

Sir:-

This is with reference to your letter of the 9th inst enclosing one from George Gore, Newtown, Pennsylvania, one of our outing patrons who desires to keep the boy he has at the present time.

The boy referred to is John R. Wolfe, whose mother Mrs. Mary B. George lives at Cherokee, North Carolina. Mrs. George is a Pueblo woman, educated at Carlisle and is also a graduate of the Philadelphia Pennsylvania Normal School. It seems to me she should be consulted first in this matter. Mr. D. H. Dickey, our outing agent, reports Mr. Gore's home as a suitable and good home for our boys

Very truly yours

Mr. - Garber

Dear Sir

I have an Eastern  
Cherokee Indian Boy with me  
from Carlisle, who is an  
excellent Boy in every way.  
The Boy would like to stay the  
Winter with me, and I should  
like to have him, if you could  
arrange to grant me this favor.  
Of course the Boy would go to school  
during the winter for the 100 days  
as per the Carlisle regulation.  
He is Fifteen years of age  
I have a small Dairy Farm

and have 10 acres of wheat to  
get in during the month of Sept.  
and we find the "help" question  
here very acute, in fact there  
is no one to be gotten.

I have spoken with Mr. Dickey  
and he told me I might write  
you to ask you the favor, if  
it could be arranged.

Mr. Dickey resides quite near  
here.

Faithfully Yours.  
George Gore.

Hon. Commissioner of Indian Affairs,  
Washington, D. C.

Sir:

Reference is made to your telegram of September 7, 1917 regarding the return of Cornelius Hartman to Mr. Gore, at Newtown, Pa.

In accordance with these instructions Cornelius Hartman was returned to Mr. Gore on the next day.

I am now in receipt of a letter dated September 13, 1917 from Mr. Gore in which he advises me that Cornelius returned to him, but in his absence ran away.

I shall endeavor to procure another boy for Mr. Gore, and also to locate Cornelius Hartman if possible.

Some of the boys who are perfectly willing to go out during the summer months do not want to go during the winter months, preferring to be at the school.

Very truly yours,

*John Francis Jr.*  
Superintendent.

Sir:-

FILED BY G. P. F.

Receipt is acknowledged of your telegram of September 7th in regard to the return of Cornelius Hartman from his outing home with George Gore at Newtown, Pennsylvania.

I have just wired you as follows:-

"Your telegram 7th. Will return Hartman to outing home tomorrow. Reason for recall from outing home is that boys do not get vocational training required by course of study."

During the summer we had about 170 boys and 110 girls on the outing. The boys were on farms and the girls doing housework. Last winter Mr. Gore had a boy who went home in June and was replaced by Cornelius Hartman. This year, on account of the new course of study, all the boys were called in but about 40, 22 of whom are at the Ford factory in Detroit.

It is apparent that if the boys are to have the benefit of the school and obtain a diploma under the course of study, they must come in during the school year.

Most of the outing patrons appreciated the reason for calling pupils in but in several cases, objections have been made as in the case of Mr. Gore.

I am quite sure that similar cases will arise and I will be glad to be advised if it is the wish of the Office that I should endeavor to meet similar requests by letting boys go out to farms from school during the fall and winter months.

Very respectfully

  
Superintendent.

Commissioner of Industries  
Dear Sir

I wish to make a statement  
to you with regard to the Indian  
Boys sent out from Carlisle  
School to work on Farms under the  
Cutting System.

For some four or five years I have  
employed Boys here on my Farm  
& in fact have never been without  
them, the Boys coming & going as  
Each occasion required.

This year at the commencement of  
August I received a letter from  
the Sup: of Carlisle School in  
answer to my usual request for

a Boy for the fall & Winter months, stating that it may be to my best advantage to look around for help elsewhere, & regretting that he could not do anything for me.

As the month went on & after making enquiries everywhere around here for a Boy, and finding I could not get anyone suitable at that time I again addressed the Supt; and asked him if he would not allow my present Pupil to stay, as he also had expressed a wish to stay with me, to which letter I received answer stating, that, it was thought my Pupil would not do so well in a Country School & that he felt quite sure that the best thing was for him to

return to School as arranged. (31<sup>st</sup> of August).

Now Sir I wish to ask you if you consider this fair treatment to the Farmer, <sup>who</sup> like myself have an increased acreage of produce to handle and be left in the middle of the season without help and seemingly without much prospect of obtaining suitable help to harvest our crops, and the only excuse given me is that the Pupil would do better at school at Carlisle in Winter? I may add that hitherto there has been nothing but the best of feeling existing both between the Pupils & myself & the School Authorities & myself.

Believe me

Faithfully Yours

George Gore

Mr. George Gore,

Newtown,

Bucks County, Pennsylvania.

My dear Sir:

In reply to your letter of August 30th complaining that you have been denied the services of outing pupils from Carlisle School this year by the Superintendent, you are advised that Mr. Francis has reported in regard to this matter, saying that he has called in nearly all the outing pupils, thinking it advisable to do so for the reason that the time is more valuable to the pupils at school if they wish to receive a diploma. This matter has been given consideration, and it has been decided that it is for the benefit of the pupils to have them return to school; and, in instances where the Superintendent refuses to let them go out, this Office will not interfere.

Very truly yours,

Assistant Commissioner.
