Hon Carl Selby

Dear Sir:

I beg to state that Capt Breele telegraphed from the Indian Territory recently that many were ready to come from that region especially some admirable quilts from the Friends School there. I don't like the change, but having organized our corps, prepared garments, made every preparation & turned

think be better to have  
others than the Dakotas  
be here at all

If the travel from  
Yankton could be brought  
it would bring up the  
quota of girls remarkably

I have an energetic  
open - teacher - who could  
go at once for the Yankton  
girls a farther from the  
Sioux Territory.

Yours very respectfully  
S. C. Armstrong
