November 19th / 79

Capt. R. H. Pratt U. S. Army
Superintendent Indian School
Carlisle Barracks, Pa.
Captain

On inquiry I find there are only about thirty (30) of the 158 men, boys and girls, who make ^{up} the school, that have been vaccinated. A number of the thirty probably require re-vaccination.

I need not dwell on the importance of immediate action in this matter.

I can, and as I probably will perform the operation of vaccination, would prefer, to obtain the necessary virus from Codman Shurtleff & Co. 13 & 15 Tremont St. Boston.

Very respectfully,

Your obedient servant

J. N. Drantz
Surgeon U. S. A.
