Col. E. J. Brooks,

Insdⁿ Office

Dear Sir-

Will you be kind enough to have sent to me copies of such instructions as may have gone out for additional pupils here. Sheldon Jackson was to go after Navajos & Pueblos, and you may have authorized him, as he requested.

Spotted Tail's action will work to our advantage, by reaction competition interest &c. He will be ashamed of it before he reaches the Millsoni.

Respectfully yours
R. H. Pratt

Doubt Pigeon hole my new letter about tents. I must have them.
