1st Lieut R H Pratt 10th Calif.

In Charge of Indian Training School
Carlisle Barracks

Sir

I have the honor
to report to you that I have complied
with your request, and have examined
the eleven Pueblo scholars that arrived on
Monday, and find them all in good
health, and good physiques, with
two exceptions, of a boy and girl,
they have rather sunken or contracted
 chests, their pulses are rather
slow and feeble, indicating rather
a low state of vitality.

Respectfully

J S Bender

Physician in Charge

P.S. Since making the above report I have been
informed by the Rev Sheldon Jackson that
the boy and girl above referred to, both have
had Pneumonia
