Respectfully referred

Dec. 3rd 1880

Dear Mr Roberts-

My clerk forwarded
a letter to me at the Ebbitt
House, from Mr Ballou Teacher
at the Shoreline & Bamrock
Agency, asking school privileges
here for some of their children.
I have asked Mr Amels at the
Ebbitt, (by Postal card) to send it
over to you. You will open, and
of course know what to reply better

than I would. There seems
to be some point, in getting
a few Northern Arapahoes to
associate here with those from
the Southern Agency. It widens
the work.

Very truly yours
R. H. Pratt
