Dear Miss Peter

I will write a few lines to tell you about those tobacco stems I went after those stems to day and I asked her how much they cost and she said 5¢. She gave me a quite a lot for 5¢ It was a large bundle. I couldnt hardly carry it. I put them down in the siller in a box. I will take care of those flowers albright. I water them every evening. When I got back I put some stems in the pail and went and got boiling water And I will put the tobacco water

on to morrow morning. I hope you are
having a good time for the Vacation.

I will close now. So good bye
From Nellis Johnson your flower boy.
