

Capt. R. N. Pratt,

PI 7-6

Dear Sir:

Particularly I am endeavoring to assume a splendid opportunity to say just concisely to you on this beautiful morning. I supposed you recognized that I am sick in my giblets. I deem I am well again no more. Occasionally, I am extremely pain in my heart and my back too. I had spitted blood about four times, when I was out in the country. Well, Capt. I want you let me go home as soon as this month if you please sir. If I stay here so long I can't entirely well.

I wrote to my brother yesterday morning. I told him that I will attempting to ask

permission Capt. Pratt to go home
anon.

Tell this is all.

Yours truly
Thos. Hall.
